RISE ABOVE. Come care with us.

HERE, WE’VE RISEN ABOVE. We’ve pioneered advanced care for our friends and neighbors in this region we all are proud to call home. We’ve risen above and built a team of dedicated caregivers; together, for and around one thing: our patients. We’ve risen above and built a state-of-the-art hospital rivaling any in the nation. We enjoy a low cost of living but an exceptional quality of life; all in a community that feels large, yet is comfortable enough to call home.

If you are a pioneering physician with a vision for the future, we invite you to come care with us. When we work together with our patients in mind, WE CAN’T HELP BUT ADVANCE, MOVE FORWARD...RISE ABOVE.
INTERNAL MEDICINE - OUTPATIENT

Owensboro Health has an opportunity for an internal medicine physician in Western Kentucky. This is a 100% outpatient practice with a hospitalist program and clinic schedule of Monday through Friday.

BENEFITS
• Robust referral base and an abundance of opportunity to grow your practice, with a 14-county coverage area and a population draw of over 400,000
• Hospital-employed position with Monday-Friday schedule
• Established Hospitalist team for inpatient care
• Traditional Inpatient/Outpatient practice available, if desired
• Stipends available for early signers
• Six weeks of vacation (includes one week for CME)
• Fully-integrated EMR (EPIC)
• Funded liability insurance/malpractice/tail coverage, multiple retirement plans, full health/medical benefits, $6,000 CME annually and more
• On-site workout area for employees in the hospital, plus complimentary family membership to health system-owned accredited medical-based fitness facility
• Teaching opportunities available, if desired

OWNESBORO HEALTH

Owensboro Health offers a full range of services utilizing the latest technologies and protocols. Locations include the flagship Owensboro Health Regional Hospital built in 2014, Owensboro Health Muhlenburg Community Hospital, regional primary care and specialty clinics as well as three, new Healthplexes located in surrounding counties. Additional support services include the region’s largest Level III NICU, leading-edge diagnostic centers, a wound healing center, an ACOS-accredited cancer center affiliated with UK Markey Cancer Center in Lexington, KY, home care services, a medical-based health and wellness facility and a new Family Medicine Residency Program affiliated with the University of Louisville School of Medicine.

OWNESBORO, KY

Owensboro sits on the southern bank of the Ohio River and serves as the cultural and business hub of the Kentucky-indiana-Illinois tri-state region. A modern and vibrant community that maintains a rich history and traditional charm of a southern, American city, Owensboro offers a family-friendly atmosphere, quality educational opportunities, a low crime rate and low cost of living index.
